Description of our activity:

We are Tour Operator based in Piemonte and specialized in Incoming Enogastronomic Tourism. Developed from a vision to connect travelers to Italian flavors and to embody the passion of local producers into their journey.

The idea spawned from the founders Elena and Valerio, both graduates of the Gastronomic Sciences University of Slow Food in Pollenzo and both in love with their territory: Piemonte. We specialize in crafting custom itineraries across Italy, catering to individual travelers such as couples, groups of friends, and families, predominantly from the US.

What sets us apart is our meticulous attention to detail and personalized approach to every tour. Each itinerary is tailor-made to suit the unique preferences and interests of our clients.

Furthermore, we pride ourselves on firsthand experience, having personally vetted and tested all elements of our offerings, including experiences, accommodations, transportation, and dining options. Our packages are designed to provide a seamless and immersive experience, with the option to include a knowledgeable local guide as a tour leader and private transfers for added convenience.
